## LITTLE MAN ON CAMPUS

by Dick Bibler

"I've been practicing catchin' flies like you said, coach, but I think I caught some bees, too."

## Some Carry The Load . . .

Patriotism is a devotion to the welfare of one's country. Nationalism is the spirit and sentiment that binds a people to a commonly developed territory as their home. Does every individual realize the importance of his loyalty to his people and his obligation to participate in the welfare of society?

Does he, as a citizen, understand his opportunity to be a part of his organized community which, striving for perfection, depends on his contribution?

Some loyal citizens carry the bulk of this load, when too many shirk. Many an American youth may have for his goal the reaching out for himself—for a good job, a full purse, and the privilege of enjoying a growing family. Does he appreciate the ideals taught in our schools, the spiritual lessons in scriptural teaching, the patriotic goals in the Boy Scouts, other than for his own promotion?

Is he aware of his cost to his state and the efforts of his own community to prepare him to fit into a position with credit to his name and with honor to his fellow citizens? All these—so that he may be a practical citizen and a real patriot in his own society!

Many young men do respond to this occasion with a devotion to their country—even to a sacrifice in wartime of life, in contrast with those self-centered in their own affairs and ideals—desiring only to live in luxury.

Have the latter forgotten the striving of their fathers and the sacrifices made to establish a "land of the free" in which monuments to democracy may be built and in which there is freedom to teach youth the essence of patriotism and to give them the opportunity to be loyal patriots?

## THE COLLEGE OATH

"We will never bring disgrace to this, our College, by any act of cowardice or dishonesty. We will fight for the ideals and sacred things of the College. We will revere and obey the College laws and do our best to incite a like respect and reverence in others. We will transmit this College to those who come after us, greater, better, and more beautiful than it was transmitted to us."

Northwest Missourian  
Receives Top Honor  
At Missouri University

The "Northwest Missourian" received high honors at the annual luncheon meeting of the Missouri College Newspaper Association, Columbia, May 6.

Professor Dale R. Spencer, director of MCNA, announced that in Class B, 4-year colleges with less than 1,000 enrollment, the college paper tied for first place with "The Terebian," College of St. Teresa, Kansas City.

A gold plaque, a gift of the St. Louis Globe-Democrat was presented to the editors of the two papers. The "Northwest Missourian" staff is to keep it for the first half of the year.

High individual ratings went to the "Northwest Missourian" staff as follows: Best Editorial, Rosalie Hamilton (two awards), and James Roll; Best Sports Story, Edd Bush; and Best Advertisement, Rosalie Hamilton.

Under the direction of Miss Violette Hunter, the College paper is published weekly except finals and vacations.

Attending the meeting from this campus were James Roll—editor; Rosalie Hamilton—managing editor; John Harvey, Richard Dowell, Gene Frederick, and Miss Violette Hunter.

## THE STROLLER

Finally, reigns on campus these days with so many activities being concluded. This is the last issue of your college paper for this semester; final tests are around the corner, graduation for the seniors, thoughts of being apart from close friends. But for those returning, a look into the future promises a big year ahead.

This campus is noted for its beauty and to maintain this recognition, more improvements are being added. The new sign at the campus entrance and flowers in front of the Administration building are the latest. Seniors like to think it is in preparation for "their day."

Thoughts of the graduates — no finals! . . . signing contracts . . . baccalaureate . . . commencement sunshine for May 27 . . . old friends . . . new friends . . . wedding plans . . . souvenirs and scrapbooks being prized possessions . . . returning for Homecoming . . . happy and sad feelings.

The Stroller agrees that anything worth having is worth working for. College degrees are worthwhile and many hours have been spent working for them. Even though discouragement is sometimes encountered, persistence is rewarded. Proof is offered to doubting students by the 110 "sheepskins" being presented this spring.

To the graduates, the best of luck in your work, whatever you do, wherever you go. Your Alma Mater is proud of you.

## Around the Campus Now . . .

Lt. William F. Moyer, a former student here, returned last week after completing a flight around the world with the navy patrol squadron VP-1, the first naval squadron ever to make such a flight.

The squadron landed at Hutchinson, Kansas, and Lt. Moyer took a day off to visit his mother, Mrs. Ralph E. Moyer, and his brothers, Don and Paul, who live in Maryville.

At a press conference at Hutchinson, the 19 officers and 53 enlisted men who "piled out" of the P2V5 Neptune bombers revealed that they helped with the evacuation early this year of the Tachen Islands off Red China and that they have been engaged in "routine" patrol duty with the 7th fleet.

The College forensic squad is winding up its 1954-'55 season this month. The group composed of Elbert Blair, Ronald Maurice, Don Miller, John Lee Thompson, Larry Ramsey, Dick Suetterline, Alan Carr, George Green, Charles Hagee, and Bob Wilson have won honors in oratory, discussion, debate, and poetry reading; have sponsored a parliamentary institute on campus; have participated in five tournaments; and have appeared in programs at Guilford Methodist Church, Horace Mann Laboratory School, and over TV.

The last program of the year was a debate and open forum before the Twentieth Century Club of Maryville on May 16.

Exhibits of the work of Dr. J. Kelley Sowards, who last year worked on a research project at the Congressional Library in Washington, D. C., is on display this week in the art department show case.

Dr. Sowards's natural interest in painting has led him to extensive work in pastel, water, and oil painting. Among the paintings will be one of Dr. Sterling Surrey, head of the business department, and another of Dr. Sowards's son.

Miss Olive DeLuce, chairman of the art department, has been granted a leave of absence for the summer of 1955 to study in Europe. Miss DeLuce will study in several different sections of Europe, but her studies will be particularly in Paris where she will do painting and research work.

Misses Joann Harristnal, Doris Hysler, and Bonnie Magill attended the annual spring meeting of the Missouri Association for Health, Physical Education and Recreation at the Holiday House, Lake of the Ozarks in Eldon, the week-end of May 7.

Ann Corless, senior, and Nancy Kariger, sophomore, also attended.

## They're Talking About . . .

Finals . . . With the end of another semester, we are forced to take the good with the bad. Final tests can be either — they can make you or break you. Most all of those two hour quizzes demand a little studying before hand . . . Lucky are the seniors who use their prestige and pull to avoid those cram sessions.

Alpha Phi Omega service fraternity is to be congratulated for its work in promoting and erecting the sign at the entrance of the campus . . . It will look especially good next year for the 50th Anniversary celebrations . . . Congrats also to the Northwest Missourian Staff. In Missouri University's contest, the Missourian tied for first place in college newspapers of its size. We also had a 1 rating from Columbia University. The editor and all who have worked on the paper can take a bow. Helps to put 'Ol State on the map, too.

Two unusual jobs pop up here at

the end of school. One is to get your Annual signed by every Tom, Dick, and Harry. In the future, these will mean a great deal more than they do now . . . Another is to collect any money your roommate or some fellow classmate may have borrowed. It's always nice if they pay you back without having to dun them, but that isn't always the case.

As this is the last issue of the Northwest Missourian and school is all but out, let's glimpse back at a few of this year's highlights. To the freshmen, Walkout Day will be remembered. The biggest and best Homecoming of them all, the school Christmas Ball, basketball wins over Jewell and Cape, coffee breaks in the Den, midnight pitch games, and all the many formal spring dances. Only a few of the things to be remembered, and to look forward to next year . . . So, until then, have a great summer and see you next fall.

The pledges gave a picnic for the actives last week; Everyone's enjoyment was at a high peak. There were games without dimes; food, drink and folly; If you don't believe us, just ask Larry Rowley.

The picnic was a good one, and all will quite agree. That the pledges are the rounders in the Tau Fraternity. "Big Orange" flowed as freely, as the singing of the "Tones," If you don't believe us, just ask Larry Jones.

We hope to have another one, sometime very soon. To play a little baseball, and croon another tune. For the party came off smoothly, almost without a flaw, Jusch ask any member of good ol' Schigma Tau!

## Tommy Teke says

Big news of the week was the annual spring formal held Saturday, May 14, in the Union. The dance was called the Anniversary Ball, and held special significance to all the Tekes on campus. The week-end of May 14 and 15 commemorates the first year of active membership in Tau Kappa Epsilon for Delta Nu chapter. All the men who were initiated into the Teke organization at that time can well remember the anticipation and the responsibility connected with that memorable occasion.

The traditional "work day" for Teke pledges will be held this week-end. Tommy hopes that there will be no more serious consequences than a few sunburns and sore muscles.

### Mickey Anderson Sets New Time for Running Mile Race at Columbia

Micky Anderson, 1955 Bearcat captain, receiving more applause than any other individual performer in the State Meet at Cape Girardeau Saturday, broke the state one mile record of 4:26.5 set by Bearcat Wayne Taylor in 1940 by pacing a new time of 4:26.2. He also took the mile and got the trophy for second high point man.

Anderson now holds the state indoor and outdoor records in both the mile and two mile runs. Jack Spence, outstanding Bearcat performer, brought back the individual high point trophy. Jack won both the 100 and 200 dashes and ran anchor on the winning relay. He will serve as the Captain for next year's team.

Linville, Tilton, Freeman, and Watson also made outstanding performances for the Bearcats.

The one-half mile relay composed of Freeman, Worley, Watson, and Spence brought back the winning trophy.

The mile relay (Bolar, Tilton, Linville, and Jackson) ran faster by two seconds than ever before, but still got beaten by Warrensburg, running in another heat, by 4 of a second.

"I'm proud of the boys," stated Coach Milner, "and I'm sure the school can also be proud of the interest they have shown in track this year and the way they have worked all season."

Coach Peterson's tennis team took second place in the meet. Charles Adair, Paul Clark, Merle Sorenson, and Bob Smith represented the Bearcats.

### Tennis Team Scores Season's Seventh Win

### Final Action In Intramurals Sees Taus Ahead

Badminton tournaments in both singles and doubles were played last week. Ono Monachino won the singles. Marvin Black was second and Jamie Neeley third. All three played for the Sig Taus. In the doubles, Ono and Ron O'Dell won. Meade and Paxton of the Phi Sigs were second.

In tennis all but the semi-finals and finals of the singles tournament have been played. Four boys are left in the tournament, Gary Alexander, Phi Sigs, and Larry Rowley, Ono Monachino, and Jim Bishop, Sig Taus. The doubles will be played later.

Softball is in its final stages. Six of the eight teams were eligible to play in the tournament.

Ping-pong was finished last week with Walt Hopkins of the Phi Sigs first, John Watson, second, and Charley Adair third. Hopkins received the Ping pong set.

### Random Shots . . .

By Vic Cromer

For varsity sports, the season is coming to a close. The track results will always be remembered as years go by. The team and College, I know, wish to say thanks and congratulations to Mick Anderson and Duane Freeman, seniors who were on the track team.

I predict next year's results in track season will even be better, with new material coming up and the comeback from this year. Sure hope I'm right.

Looks like a walk away in tennis, also for Sigma Tau Gamma. The Taus are due for congratulations because they have shown full participation and strength in all fields in the intramural sports this year. Who is the best player? Of course, "O-No-Machineo."

It won't be long before school is out, and football season will come. Coach Milner, I'm sure, is looking forward for a winning season, one with no defeats. Next year just might be the year.

The intramural swimming starts soon and also track. It will run off quickly. I am looking into my crystal ball and it says "Lanny Gray" leads the mile with "Jerry Davis" close behind. "Jim Snapp" for the Tekes is coming up strong. Who won? You come to see for yourself.
